Sumit Kumar

Frontend Developer

& 8178830011 | Email | GitHub | LinkedIn | Twitter

Professional Summary

Enthusiastic and detail-oriented Frontend Developer with a strong passion for building responsive and user friendly web applications. Skilled in React.js, JavaScript, HTML5, and CSS3. Adept at creating clean, maintainable code and designing mobile-optimized, high-performance websites. Eager to apply technical knowledge and creativity to real-world projects.

Skills

Frontend Technologies:

React.js, JavaScript, HTML5, CSS3, Tailwind CSS, Redux Toolkit, React Router, Framer Motion, GSAP

Backend Technologies:

Node.js, Express.js, MongoDB

Development Tools:

VS Code, Git, GitHub, Chrome DevTools, Figma (Basic)

Other Skills:

Responsive Design, Web Accessibility (WCAG 2.1), REST API Integration, Cross-Browser Compatibility

Projects

Flour and Flavor - Cake Ordering Web App [Link]

Technologies: React.js, Redux Toolkit, Tailwind CSS, Appwrite, motion

- Authentication & Security: Secure user registration, login, and session handling using Appwrite authentication.
- Advanced Cart System:
 - Add, update, or remove multiple cakes.
 - **Debounced Cart Sync:** Cart changes are debounced and synchronized with the Appwrite database, reducing unnecessary writes and improving performance.
 - Offline Persistence: Cart data is also stored in local Storage for an uninterrupted experience.
- Custom Cake Orders: Users can customize cakes with flavors, sizes, themes, toppings, and personalized messages.
- Order Management: Real-time updates and complete order history tracking per user session.
- Backend Integration: Appwrite ensures secure, scalable handling of authentication, cart, and order data.

• Responsive UI: Optimized for mobile, tablet, and desktop for a seamless experience across devices.

A Responsive Landing Page with Motion [Link]

Technologies: React.js, Tailwind CSS, Motion

- Built a modern, animated landing page with smooth transitions.
- Ensured full responsiveness across devices.
- · Used Tailwind for clean, fast UI design.
- Integrated Framer Motion for engaging user experience.
- Included direct inquiry via WhatsApp for easy contact.
